FOREX AI ACADEMY

UNDERSTAND THE MARKET.

Learn the language. Read the data.
Practice the process.

THE EDUCATIONAL PLATFORM / 2026

THE LEARNING PATHWAY

Learn the market, step by step.

A structured route from first concepts to independent market analysis.

01

FOUNDATIONS

Currency pairs, pips, spreads and market structure.

02

CHART LITERACY

Candles, trends, support, resistance and indicators.

03

DECISION PROCESS

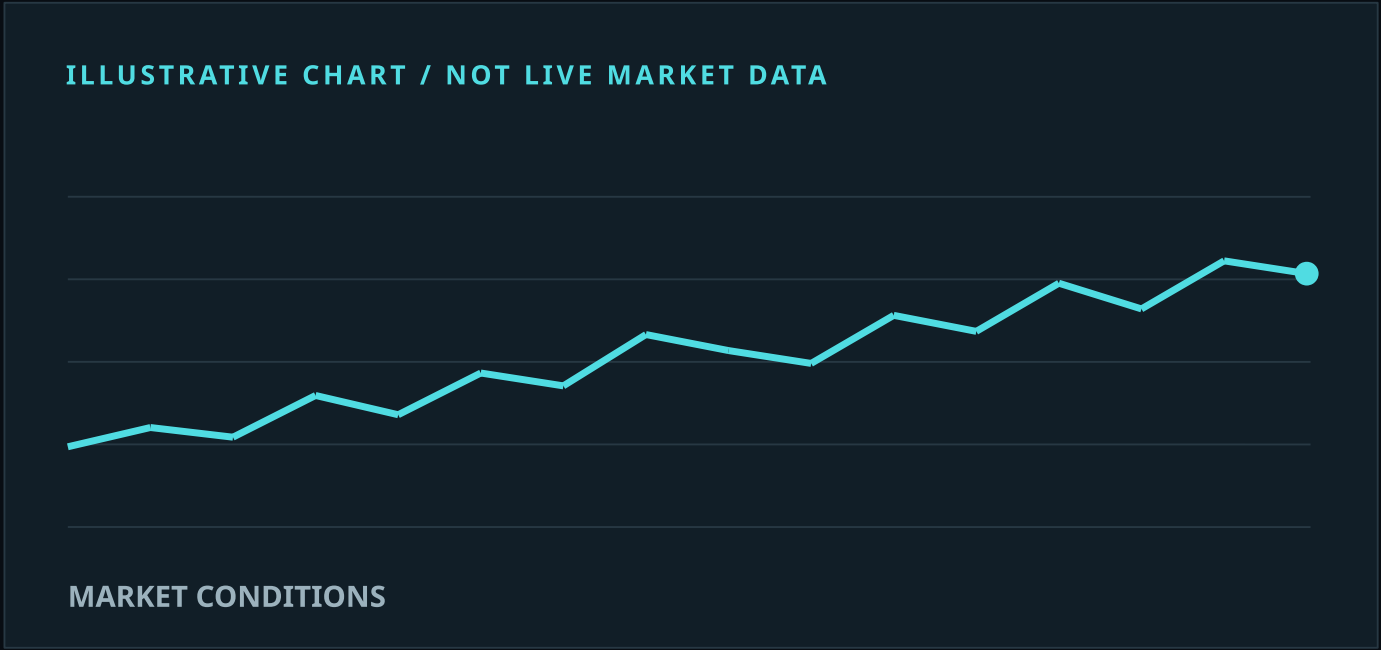

Risk concepts, journaling, testing and review.

SIX STAGES / 30 LESSONS / QUIZZES & ASSESSMENTS

MARKET INTELLIGENCE

Context before conclusions.

Explore the market through data, not promises.

LIVE CONTEXT

Market sessions, calendar and daily news.

RELATIVE STRENGTH

Compare major currencies across the market.

RELATIONSHIPS

See how pairs and markets move together.

CHART LEARNING

See the pattern. Question the pattern.

Tools designed to make technical analysis teachable and testable.

STRATEGY LAB

Understand what a method measures, when it can fail, and why.

HISTORICAL EXPLORER

Study completed chart examples alongside what happened next.

CHART SCANNER

Compare indicator readings with marked charts for study.

INDICATOR ACADEMY

Work through 33 indicator modules, settings and limitations.

PRACTICE & PROGRESS

Knowledge becomes a repeatable process.

A learning workspace for questions, reflection and self-assessment.

01

LEARN

Courses, glossary and daily quiz.

02

EXPLORE

Strategy methods and historical chart cases.

03

REVIEW

Journal your observations; revisit your assumptions.

AI TUTOR / CHART COACH / FOREX IQ

A CONNECTED WORKSPACE
